Delhi Edition of 26th May, 1992 carried the news item "Jagmohan denies pattern in human rights abuse by forces". The Government is aware of the Press Report in question.

In Kashmir the security forces are fighting the terrorists and secessionist elements under very difficult conditions with grave danger to their lives. It has been the general practice with the terrorists that whenever they are under pressure they resort to deliberate disinformation campaign, making all types of wild allegations against the security forces, to demoralise them and to deflect the thrust of their operations. The agencies from across the bordtr have also lau ched an international propaganda campaign completely ignoring the reign of terror unleashed by the terrorists and the resultant mass-exodus of not only minorities but also muslims from the Valley.

All allegations against the security forces are investigated and vigorously pursued. Most of these have been found to be inaccurate, highly exaggerated and deliberately fallacious. On occasions where allegations have been borne out, prompt and exemplary disciplinary action has been taken against those held responsible, criminal cases have been registered and some of the security personnel have been punished with imprisonment while others have been given penalties including dismissal, demotion and reprimand. Senior Officers have been advised to be vigilant to ensure that there are no excesses, and wherever they come to notice, to deal with them with firmness.
